RE: 2017-292-WS  
Proposed orders on Rehearing

**Dear Ms. Boyd:**

I represent Intervenor Forty Love Point Homeowners' Association in this action.

After reviewing the orders proposed by Carolina Water Service and by the Office of Regulatory Staff, I request that whatever order is adopted by the Commission include the paragraphs regarding Forty Love Point as written on pages 29-31 of the Order proposed by CWS.

Forty Love Point needs the sewage project to continue, and we need this project to be monitored by the Office of Regulatory Staff.

Otherwise, regarding rates and expenses, we agree with the ORS proposed order.

Thank you.

Sincerely,  
/s/ Laura P. Valtorta
